

53 CA 138: The College of Osteopathic Physicians & Surgeons
versus
California State Board of Medical Examiners

College sued to obtain forced BME approval of school with reference to Section 10.5 of MPA; won.

BME appealed and lost.

Basis of case: On 27 October 1919, BME disapproved college on basis of QUALITY of education.

Lower court found on basis of QUANTITY & QUALITY of education to be within the specs of sect 10.5 and therefore ordered BME to approve college.
